#### Quality you can depend on

Lincat is one of the world's leading names in commercial catering equipment. Established in 1971, our products have gone from strength to strength. And so too has our reputation. Today, the Lincat brand is synonymous with outstanding product reliability; sturdy, durable construction; and first-class technical support. In short, Lincat stands for quality.

We operate a state-of-the-art manufacturing facility complete with advanced computer-aided design systems and the latest plant, including precision punch presses and robotic welding stations. The return on continued investment in our capacity and production technology is a large and growing product line, designed and built to consistently exacting standards. Every single product that leaves our factory bears a serial plate showing the assembler's initials. It's a mark of the confidence we have in our people and our manufacturing processes. More importantly, it's your assurance of total satisfaction.

A British company, Lincat's headquarters and factory are located in Lincoln. This means you can depend on prompt product delivery, rapid turnround of orders for spare parts and a highly responsive back-up service. And here's something else you can rely on. We employ our own in-house development chef to test and evaluate all our products. So you can be absolutely sure that the product performance information we provide has been verified and provides an accurate guide to output and capacity.

Over the years we have achieved sustained growth by listening and responding to the needs of our customers. This ethos combined with the commitment of a large and dedicated new product development team ensures that Lincat catering equipment will always offer you exceptional quality and value.

# SILVERLINK 600

#### Take a closer look at the benefits

Silverlink 600 is Lincat's answer to the needs of the modern, busy catering establishment for reliable, well-built equipment that combines flexibility and high levels of performance with style and value for money.

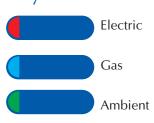

The Silverlink 600 range is extensive and includes products for both counter-top and free-standing use. All units are 600mm in depth to make optimum use of available kitchen space. And width sizes vary from a compact 300mm to as much as 900mm, depending on the product type. This modular design concept enables you to mix and match items to create your ideal kitchen layout.

Silverlink 600 not only delivers the quality and capacity you need, all equipment in the range is designed and built for easy cleaning and safety of operation.

Key

#### Easy to Install & Service

Silverlink 600 units are simple to install. Electrical products rated up to 3kW are supplied with cable and plug for immediate operation. All counter-top models are fitted with non-slip neoprene rubber feet for extra stability and safety. And innovative design provides straightforward access to internal components for quick, easy servicing.

#### Strong & Durable

With Silverlink 600 there is no compromise on the quality of construction materials. Unlike other equipment in their class, Silverlink 600 products are manufactured from a heavier gauge stainless steel minimum 0.8mm thick - for additional strength and rigidity. Advanced manufacturing techniques such as robotic welding ensure a consistently high standard of build and finish plus long, trouble-free service.

#### Stylish Appearance

From the modern, sleek, body lines and the high sheen 'Superbrush' stainless steel finish, right down to the design of handles and controls, style is to the fore throughout the range. Which is why Silverlink 600 is equally at home for front-of-house operations or behind the scenes in the busiest catering establishment.

## Modular Flexibility

The modular design format of Silverlink 600 enables you to create a custom-built appearance in the kitchen. Counter-top units can be sited on a range of pedestals and stands allowing you to mix and match according to your requirements and the space available. Better still, as your operation grows, Silverlink 600 adapts quickly and easily to keep pace with your changing needs.

# Easy to Clean

In a

The wipe-clean 'Superbrush' stainless steel finish does not harbour bacteria, maintaining high standards of kitchen hygiene. The seamless design of the equipment eliminates dirt-traps and prevents seepage of grease into the body of the product.

#### Safe & Easy to Use

High levels of safety and ease of operation are built in to every Silverlink 600 product. For example, clearly marked, easy-grip controls ensure positive operation. In addition, controls are sensibly positioned for easy access and to minimise the risk of burns and spills. And all door handles are ergonomically designed for ease of operation.

# **SILVERLINK 600** Electric Fryers & Chip Scuttles

Silverlink 600 offers you an extensive choice of fryers and chip scuttles with capacities to meet your needs. Designed to produce and hold a variety of fried foods with consistently succulent, crisp and golden results these products offer highly efficient performance with a host of safety and easy-care features.

## **(DF612)** Counter-top & **(DF618)** Free-standing Fryers

- Front mounted controls ensure safe working practice
- Hinging element with safety cut-out provides easy access to tank for cleaning
- Sturdy, rigid basket support allows fully laden baskets to drain into the tank
- High quality grade 304 stainless steel fryer tanks, fully welded to hobs for added strength and a smooth, easy-clean seamless finish
- Front drain taps with straight drainpipe for fast, easy drainage of oil - and no blockages
- Cool zone collects cooking debris gives cleaner cooking results and saves money by prolonging the life of the oil
- Convenient twin electrical cables on DF66 twin tank model allow you to plug in to standard 13 amp sockets
- Thermostatic control with fail-safe top temperature cut-out maintains accurate oil temperature and ensures safe operation

#### **Fryers - Inclusive Accessories**

- Heavy duty double nickel plated spun wire baskets
- Fryer batter plates
- Stainless steel lids to prolong oil life
- Free-standing fryers supplied with oil drain buckets
- Element lifting tool

#### Fryers - Optional Accessories

- BA96 Half size fryer basket
- DCO2 Doughnut fryer kit for models DF33/36/39
- DCO3 Doughnut fryer kit for models DF46/49
- DCO6 Doughnut fryer kit for models DF66/ST
- DCD01 Doughnut dispenser

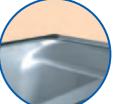

Hinging element provides easy access to tank for cleaning

Controls sited at the front ensure safe working practice

CS4

Optional half size basket for DF models

#### Chip Scuttles with **Overhead Gantry**

- Heated from above and below to maintain even temperature of food
- Overhead heat lamp imparts a warm glow for attractive presentation
- Removable 1/1 GN size chip container for ease of cleaning
- Drain plate keeps contents crisp and fresh

#### Chip Scuttles

- Heated from below
- Removable tank and drain plate for easy cleaning
- Drain plate keeps contents crisp and fresh
- Easy access and efficient heat retention via hinged lid

# **SILVERLINK 600** Gas Fryers & Chip Scuttles

For catering professionals with mobile operations and those who seek energy-efficiency, Silverlink 600 gas powered fryers and chip scuttles provide the ideal solution. These robust, reliable and highly efficient products offer the same aesthetic and construction benefits as their electric counterparts and incorporate a wide range of safety features.

#### DF4N/P

#### Counter-top & Free-standing Fryers

- Quick, easy drainage of oil is ensured by front drain taps on counter-top models and internal drain taps with integral debris filter on free-standing models
- Thermostatic control ensures accurate oil temperature and consistently perfect results
- Safety features include top temperature cut-out to prevent overheating of oil and flame failure device

#### Chip Scuttle

- Hinged lid ensures easy access and efficient heat retention
- Piezo ignition
- Flame failure device for safety
- Variable heat control gives flexibility

- Deep cool zone collects cooking debris this gives cleaner cooking results and prolongs oil life, saving you money
- Convenient pilot flame operation with piezo ignition

DC04N/P

**Doughnut Fryer** 

supplied as standard

doughnuts at one time

drainage

• Two frying trays and drainage shelf

• Front oil drain tap for safe, easy

• Can fry up to 12 average size (65-75g)

• No electrical supply required, freeing up sockets for other uses

#### **Fryers - Inclusive Accessories**

DF7N/P

- Heavy-duty double nickel plated spun wire baskets
- Stainless steel lids prolong oil life
- Batter plates, incorporating a cool-zone debris filter included

#### **Fryers - Optional Accessories**

- BA96 Half size basket for DF models
- DCD01 Doughnut dispenser
- DC01 Doughnut fryer kit for model DF4

Fan assisted ovens for optimum efficiency

V7 & V7/4 models accommodate 1/1 GN dishes

- Side opening doors give safe, easy access
- Able to support suitably sized Silverlink 600 counter-top unit, such as a boiling top, bain marie, griddle or work top (We do not recommend fryers to be sited on ovens)

#### Large Fan-assisted Ovens

- Better heat distribution • Reduced cooking times
- V7/4 high power (4kW) oven
- Accommodates 1/1GN dish

• Rapid cool down feature

- an-assisted

# **SILVERLINK 600** Pasta Boilers & Boiling Tops

For any restaurant with Italian food on the menu, Silverlink 600 pasta boilers ensure pasta perfection, time after time. These are complemented by our extensive range of gas and electric boiling tops. The perfect solution for kitchens that need additional hob capacity.

#### **Electric Boiling Tops**

- Fully pressed and sealed hob tops for easy cleaning
- Automatic power reduction, if pan boils dry or is removed prolonging hotplate life
- Six-position switches control each plate

#### **Pasta Boilers**

- Front mounted controls ensure safe working practice
- Hinging element with safety cut-out provides easy access to tank for cleaning
- Sturdy basket support allows fully-laden baskets to drain into the tank
- High quality grade 304 stainless steel tanks and basket support plates
- Corrosion-resistant elements for long service life
- Durable, pressed stainless steel tank fully-welded to hobs for a smooth easy clean finish

- Front drain taps with straight drain pipes for fast, easy drainage of water - and no blockages
- Thermostatic control maintains accurate water temperature
- Stainless steel lids cover tanks when not in use and reduce heat-up times
- Convenient twin electrical cables on PB66 twin tank model allow you to plug in to standard 13 amp sockets

Optional high quality corrosion resistant baskets

## **SILVERLINK 600** Bains Marie with Gastronorm Dishes

Silverlink 600 gastronorm bains marie are perfect for safely holding sauces, gravy and pre-cooked foods for up to two hours at serving temperature. Adjustable heat control is a feature of every model, with wet heat models benefiting from precise thermostatic control.

22

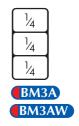

#### For detailed specifications please see pages 26-27

#### **Bains Marie**

- Available as base units or complete with gastronorm dishes
- Extensive choice of gastronorm configurations
- Choice of dry heat or wet well models
- Wet heat models incorporate front drain taps for easy draining

the capacity you need.

#### **Gastronorm** Capacities

Both dry heat and wet heat Silverlink 600 bains marie accept 150mm deep stainless steel gastronorm dishes offering the following capacities:

> Base units hold gastronorm dishes up to 150mm deep

Available as base units, as shown here, or complete with gastronorm dishes

- 1/1 GN dishes: 20.0 litres
- 1/2 GN dishes: 8.7 litres
- 1/3 GN dishes: 5.5litres
- 1/4 GN dishes: 3.8 litres
- 1/6 GN dishes: 2.2 litres

# **SILVERLINK 600** Stands, Pedestals & Work Tops

This extensive range of pedestals, stands and work tops is designed to support and integrate with Silverlink 600 counter-top equipment, allowing products to suite perfectly together with no gaps. The result is an aesthetically attractive and highly functional kitchen installation.

CC4

#### Pedestals

- Silverlink 600 counter-top units are securely attached to pedestals by means of fixing screws supplied
- Adjustable shelf provides flexibility for storing bulky items
- Adjustable feet or legs for perfect alignment even on uneven floors

CN3

• Heated units feature an on/off switch and thermostatic control,

• Where applicable, doors are designed to fit left or right handed

making them ideal as plate warmers

for flexibility in kitchen planning

- PSH4 Additional shelf for 450mm wide models
- PSH6 Additional shelf for 600mm wide models
- PSH7 Additional shelf for 750mm wide models
- PSH9 Additional shelf for 900mm wide models

#### Stands

- The feet of counter-top Silverlink 600 units locate positively into the stand for secure, yet simple installation
- Sturdy, robust construction with fully welded joints
- Full stainless steel construction
- No dirt traps means quick, easy cleaning
- Suitable for use with gas or electric counter-top units
- Adjustable legs provide stability on uneven floors
- Useful shelf for storage
- Multiple counter-top units may be supported on a single base using the adaptor plate included

#### **Inclusive Accessories**

• Multi-unit adaptor plates with SLS6, SLS7 and SLS9

#### Work Tops

- Designed to match Silverlink 600 appliances
- Provides useful work space
- · Models with drawers provide handy additional storage space for cutlery, utensils or dishes

Warning: In accordance with The Gas Safety (Installation and Use Amendment Regulations 1990) gas appliances must be installed by CORGI Registered installers of commercial catering equipment. Failure to comply with this will render the non CORGI Registered installer liable to prosecution and will invalidate the guarantee.

Our policy is one of continuous improvement and we reserve the right to change specifications at any time and without notice, or to modify these to suit manufacturing processes.

\*Height measurements include legs/feet
